

## **Annapurna Organized Free Health Check-up camp at Fani Affected Areas**

Annapurna Finance organized general health check up camp at the FANI affected areas of Odisha in the month of May. The cyclone caused not only the disruption of infrastructures but also wreaked availability of medical services. Also, the incidence of cyclone often increases the risk of health issues like diarrhoea and other water borne problems, skin issues etc. Considering this, the basic mobile health camps were planned as a preventive measure to such big issues that have potential to emerge and a curative measure for the current health problems faced by the villagers residing in the highly affected areas of Balipatna. In the month of May, total 658 patients were benefitted from this free check up and free medicine facility in Balipatna.

Annapurna recently started a Mobile Medical Unit under its Corporate Social Responsibility.
